

Project: Free web-based B2B Portal for Welfare Organizations

Sponsored by: Ilm-o-Amal Association (www.ilmoama.org)

Target Date to launch the portal: July 10, 2010

Vision

To be a leading collaborative platform for welfare organizations in Pakistan

Mission

To provide free hosted processes to develop and manage projects, share knowledge and resources for poverty alleviation and education projects.

About the Platform

The name of the portal is Raabta. It is already in production for B2C processes. We will develop B2B features in this project. Visit Raabta at www.ilmoamal.org/bms

Which organizations can use these processes?

Funding organization – which provides funds and resources to projects

Operating Organization – which develops and manages projects, and performs the necessary operational activities to ensure its success

Why the platform is required?

Need to create a community to bridge donors with project owners

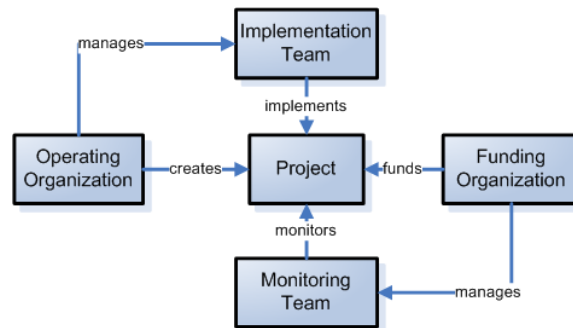

Need to share resources and knowledge

Need to create a web-based platform

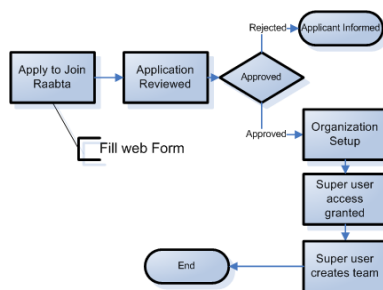

Who will manage Raabta?

Ilm-o-Amal Team. Will review, approve and support organizations and their processes on Raabta.
