www.ilmoamal.org

IlmoAmal.org is a welfare association in Pakistan which fights against poverty by enabling the donors and the deserving to connect with each other. Most of the poor in Pakistan are surviving on meager resources and a helping hand in the form of family support, scholarship for their children or an income generation opportunity can empower them to leave poverty behind. And this is the true spirit of our religion to promote peace and harmony in the society.

HOW DOES IT WORK?

Ilm-o-Amal brings together the donors & the deserving on the web

Our members login to ilmoamal.org and post applications for deserving people in their families, neighborhood and places of work in Pakistan for family support, children's education or income generation opportunities.

Ilm-o-Amal Team verifies and approves the posted Applications

Ilm-o-Amal team consisting of our management committee, field volunteers and coordinators verify the posted applications to ensure their validity by field visits and interviews. The people in need are initially supported by the fund pooled by Ilm-o-Amal Members.

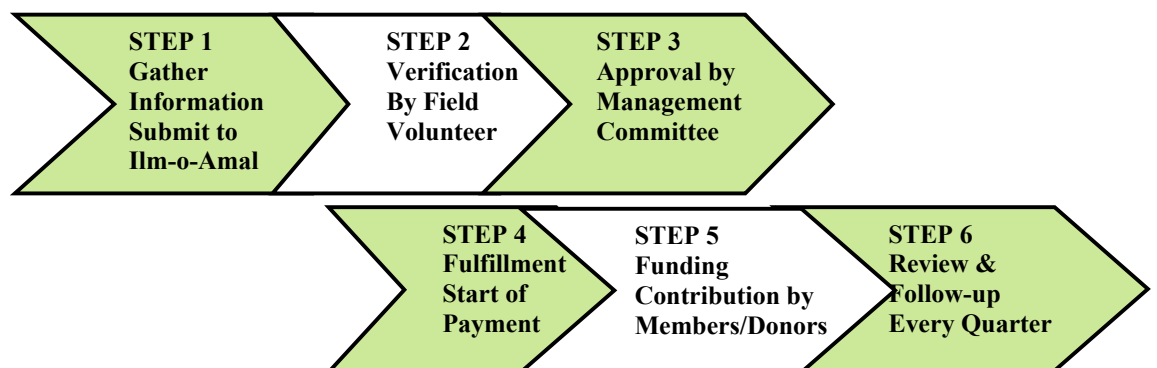

Sponsorship made easy and personal

Donors go to Ilmoamal.org and browse through the profiles of people in need—a widow who is trying to support the education of her children, a retired old couple who are disowned by their own children, a vegetable seller who is trying to survive on daily wages. Donors can select any of these approved applications and become part of Ilm-o-Amal Team.

Ilm-o-Amal team continues to support & review the applications regularly

Ilm-o-Amal management committee with the help of our coordinators and volunteers continues to financially assist and review every application on a regular basis to ensure that the assistance being utilized correctly and it is making a difference.

Ilm-o-Amal Model

Ilm-o-Amal is transparent, team-based and completely run by volunteers

Ilm-o-Amal is managed and supported by young Pakistanis from different walks of life including professionals, home makers, students and entrepreneurs.
